

CONNECTED. PROTECTED. FUTURE-PROOFED.

CYBERCRIMINALS CAN PENETRATE 93% OF COMPANY NETWORKS AND GAIN ACCESS TO LOCAL NETWORK RESOURCES.¹

MANY ORGANIZATIONS ARE STRUGGLING TO KEEP UP WITH THESE HIGH SECURITY DEMANDS AND THE EVER-EVOLVING BUSINESS SECURITY LANDSCAPE.

Medium-sized businesses have an average of 50 to 60 security tools.²

Enterprises have an average of over 130 security tools.²

82% of employers report a shortage of cybersecurity skills.³

It takes 287 days for security teams to identify and contain a breach.⁴

There were 304.7 million ransomware attacks just in the first half of 2021.⁵

The average cost of a data breach is \$4.24 million as of 2021.⁶

DOES YOUR IT TEAM HAVE AN INTEGRATED SECURITY STRATEGY?

ADAPTING FOR LONG-TERM SUCCESS

The U.S. has a shortfall of 314,000 cybersecurity professionals.³

59% of IT services have transitioned from the traditional break-fix model to a managed service contract model.⁵

Specialized cyber skills and integrated security practices are highly sought after, with over half of organizations expected to leverage Managed Detection & Response (MDR) services for threat monitoring, detection, and response functions by 2025.

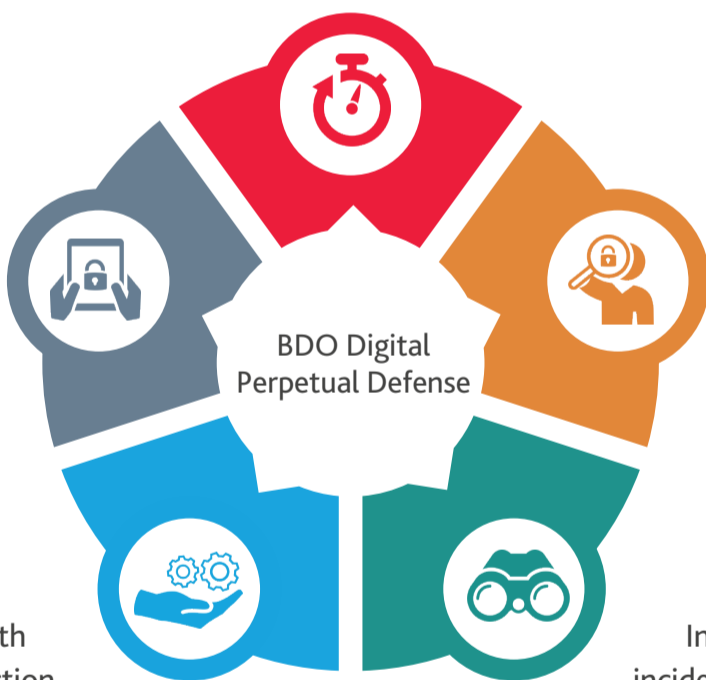

BDO Digital Perpetual Defense with Microsoft Azure Sentinel covers all aspects of cybersecurity, providing a streamlined and unified security solution.

Monitor

Our people + process + technology are working for you - 24x7x365

Improve & Evolve
Guidance and recommendations to help improve your security posture

Hunt & Detect
Proactively hunt for malicious activity leveraging vast threat intelligence

Respond
Act instantly with automated protection

Investigate
Investigate critical incidents guided by AI and Machine Learning

As a Microsoft Gold Security Partner, BDO Digital Perpetual Defense provides:

Cyber-skills specific to your industry

Real-time managed security monitoring and response 24x7x365

Discovery of threats faster and at scale with threat intelligence automation

Elimination of time-consuming tasks and outdated processes

Easy plug and play integration with your existing solutions for optimized cost saving

Personalized security plans with risk review to meet your evolving security needs

Ready to see how BDO Digital can help meet your managed cybersecurity needs?
